The Twins [100 CP]

Hänsel and Gretel... Hoo boy. Until you came into the picture, by killing their abusers and busted them out. Little late to stop any homicidal tendencies growing in their minds, but as a result, they grew very attached to you as the only person who showed them actual human decency. Calling you their Poppa or Momma (or anything else it's up to you), they decided that they will follow you on any endeavors. And well, tough luck to anyone who would put their hands on you. Gretel carries around a M-1918 BAR concealed by a blanket, and Hänsel wields an incredibly sharp-looking battle axe as well as two small pistols hidden in his jacket.

Balalaika [100 CP]

Balalaika.. the boss of Hotel Moscow's Thai branch in Roanapur. The Fry face - called mostly by those who wouldn't dare say that to her face. due to her reputation, skills and the Manpower she possesses. And despite all that.. You did what none had done or even dared to do before you... You stole Balalaika's heart. At first it was an amusement, maybe mutual respect for each other, during all the times you helped her, she repaid the favours and so and so on, but with time, It was clear to some people that she started developing feelings for you. (those who would use it in order to threaten you or blackmail her were killed) And being the woman that she is, she invited you to a private meeting where she laid it all out, much to your surprise. The Night after was steamy... to say the least.

With taking her as your companion, you can expect that the Hotel Moscow shall follow as well.

Then there were days, she either invited you to drink (or invited herself to drink with you) to shoot some shit and rant about her current problems while you listened and offered some advice. And with time you both spent together, she slowly started opening up to you about her past and all her baggage.
