Location

Roll 1d4 to determine your starting location on the sky spill continent or pay 50cp to choose, you would start in the capital of your kingdom.

1. Nine Furnace Divine Kingdom

The nine furnace divine kingdom was famed for its alchemy techniques and the entire country was rich in wood spirit jade and all sorts of heavenly materials that were useful for alchemy, it wasn't an exaggeration to say that nearly every martial artist within the nine furnace divine kingdom was familiar with alchemy, even if they weren't an alchemist they would still have some superficial knowledge of alchemy.

2. Sublime Smelting Divine Kingdom

The sublime smelting divine kingdom, they were famous for their refining techniques and their lands held all sort of deposits of precious metals and minerals, within the sublime smelting divine kingdom, nine out of ten martial artists were refining masters, nearly every inherited heaven-step treasure of the sky spill continent that didn't originate from ancient times came from the sublime smelting divine kingdom.

3. Seven Star Divine Kingdom

The seven star divine kingdom, they too didn't have any special resources, causing the development of their divine kingdom to be greatly limited., the seven star divine kingdom was well known for their array formations, but no matter how strong array formations were, they were still auxiliary skills, in terms of enhancing a martial artist's cultivation, they were naturally inferior to the mass production capabilities of alchemical techniques.

4. Asura Divine Kingdom

The asura divine kingdom, they were a relatively isolated and independent divine kingdom, although they were far weaker than the nine furnace divine kingdom and the sublime smelting divine kingdom, this was mainly due to the fact that there weren't any special resources located within their borders, the asura divine kingdom was a land of mostly demonic path martial artists and the social customs within were considered quite barbaric, in fact, publicly killing someone on the streets couldn't be considered uncommon or exciting.

Perks

All 100cp perks for their respective origin are free and the rest are at 50% discount except the general perks where it's undiscounted.

General

Cultivation - Free

You gained the ability cultivate the three cultivation system of this universe along with the talent equal to a empyrean level talent, the essence gathering, body transformation and soul forging systems, people use the art of cultivation to increase their powers, each systems has their own advantages and disadvantages, other cultivators supplements this disadvantages with artifacts and techniques but to truly remove them it would be better to cultivate the two or three cultivation systems, for drop-in and rouge cultivator your starting cultivation realm is pulse condensation realm in body transformation system, early houtian realm in essence gathering system with a soul forging realm equivalent. For veteran elder and young master your starting cultivation realm is twenty percent of tempering marrow realm in body transformation system, early xiantian realm in essence gathering system with a soul forging realm equivalent.

Required Secondary Abilities - Free

The laws of this universe are very different from those you are used to, and things such as moving faster than sound are possible for even the basest rank and file yet they find themselves lacking things such as sonic booms, in this universe and the ones you will travel to in the future, such protections will thusly continue to exist.

Eyes of Analysis - 100cp

Normally by becoming familiar with their cultivation realms that they achieved would allow a cultivator to instinctively know the cultivation realm of their enemy or everyone in their view, unlike them you have the innate ability to instantly know the exact cultivation realm of a cultivator just by seeing them passing or just a glance from you no matter how high their realm compared to you, and you can also distinguish which cultivation system they practice, post-jump this would also apply to other cultivation system, magic systems and powers on how high their attainments are and how big their energy pools compared to you.

Battle Spirit - 100cp

The manifestation of a person's will, capable of enhancing all aspects of combat strength, perseverance and also the offensive and defensive capabilities of one's soul, Can be attached to inanimate objects and move it to ones liking, sometimes, a battle spirit is used as tracking marks and is also capable of controlling a corpse, battle spirits can last for millions of years without the need of the caster supplementing it and even if the caster died, they can still maintain their memories corresponding to the time when they were placed, as a bonus you would start as elementary stage of bronze realm.

Gifted Intent - 200cp

Comprehension of martial intents are rare, the intents has many application and enhancements depending on what type of marital intents a cultivator masters that would help them from increasing their combat strength to increasing their cultivation speed, this perk greatly increase your comprehension towards martial intents allowing you to sense and comprehend them much easier than others, seeing someone martial intents for several dozen times would allow you to replicate it, choose one of the known canon martial intents or create one of your own and you would start as completely comprehending it, for additional 100cp each purchase you can choose another martial intent you want to completely comprehend, see notes for more info.

Scion of Laws - 200cp

The laws are the building blocks of the universe by comprehending it a cultivator could manipulate and use the laws for many things especially for combat, each law has ten concepts, and this concept represents the application and composition of the laws, choose one of the many laws of the universe that you would excel and you would gain a potential to reach the tenth level concept and start as completely comprehending the first level concept of your chosen law, as a bonus any concept that you comprehended from the laws bought here or not will be automatically deeply inscribe into your bones and burned into your marrow, and become a part of your body allowing you freely manipulate the law and concepts, with simple bodily movements would invoke the corresponding law and concepts, for additional 100cp each purchase you can choose another law that you want to excel with.

Martial Innovator - 400cp

Normally a cultivator would just follow the footsteps of the predecessors, only learning and mastering existing techniques without any innovation, and only those that reach the high levels of cultivation only creates new ones, but you're not one of this you can create several innovations, ideas, variations and applications from existing techniques and laws of this universe as well merging two or more techniques into one unique techniques, this also applies to fusing two or more elements, laws and concepts into one, and all of them have their advantages and devoid of their weaknesses and drawbacks, this also allows you to upgrade or improve existing cultivation techniques as well re-creating missing and incomplete techniques are also possible, and with the help of this perk making transcendent divine might techniques or higher would be a lot easier than Lin Ming did and creating cultivation methods appropriate to your cultivation realm are also possible, post-jump it would apply to all of your powers, skills and techniques.

Luck of a Chosen One - 400cp

The universe of the cultivators are scarce of treasures and materials due the millions upon of millions of years harvesting and looting the cultivators did and can't keep up with the demand or being found, thus the remaining treasures and materials would be very hard to find and someone needs luck and destiny on their side to find those and sometimes you need to fight someone for those treasures and materials, but you're in luck as you have those two the material wealth simply comes to you of its own accord, you would find artifacts one suited to you that would greatly increase your combat potentials which would happen once every major realm, also bad luck and unfortunate things seems to almost never happens to you, ancient traps malfunctions and the trials of a legacy of a long dead famous cultivators seems to be in line with you strength and advantages or reinforcing your weaknesses, also having great luck in games of chances that would allow you to win ten out of ten in games.

Peerless Genius - 600cp

For a peerless genius, their combat strength amongst others of their realm was far, far more important than their cultivation speed, if one's cultivation was low but they could jump ranks to fight, this indicated that they had tremendous potential, like them you have the ability and talent to use your cultivation realm, attainments in laws and concepts and mastery techniques beyond their original capabilities without overdrawing or receiving significant damage to yourself, this would allow you to become invincible to those of the same realm, and capable of fighting and winning against those peerless geniuses that have one realm above you, become equal to those that have two realms higher, as a bonus this also greatly increase your cunning, wits and combat awareness especially in battle

allowing you to outmaneuver and use the environment to the fullest to emerged victorious even fighting a groups of peerless geniuses of one realm higher than you.

Perfect Foundation - 600cp

A solid foundation is one of the pillars that support cultivators on advancing, an unstable and shallow foundation would often lead to a failed breakthrough and at worst death, and with his you have a perfect and regenerating foundation, your foundation automatically corrects any imperfect and defects on your cultivation done by using external materials like pills, treasures and wrong cultivation techniques and many more, another is should your cultivation base be crippled be it one or all three cultivation system you can recover it with a month's worth of waiting and faster if you actively trying to fix it, any conflicts with using two or more cultivation system would be gone like allowing you to train at the body transformation up to your current realm even you're at the true divinity realm, even though it's not possible after reaching the life-destruction realm, and any result of your breakthrough would always have the highest results and you would never experience any bottlenecks that would prevent you from reaching the next realm, as a bonus this also prevents the laws and shackles of the universe from preventing you to reach the nine stars of dao palace of the body transformation system, and it also prevents you from failing in advancing your cultivation realm especially in the life-destruction realm, post-jump it would apply to other cultivation system or powers.

Drop-In

A companion of the opposite or same gender of you the two of you would be spending the rest of your lives together, several weeks into the jump the two of you would meet and would fall in love with each other, their love for you is eternal to the point that it won't wane and manipulated by powers and time, they are willing to be at your side even if they have to defy and fight their family, clan or sect, they have the exact appearance, disposition, alignment, and personality of your preference, can be purchased multiple times, if purchased multiple times they would they are willing share and open minded to become part of your harem and work with synergy with each other, they have 1,000cp to purchase origin, perks, items and can take drawbacks for additional cp, but cannot take or purchase additional companions

Drawbacks

There is no cp or drawback limit so take as much drawbacks as you want

The Martial Peak - +0cp

Rather than staying for ten years you would stay in this universe until the series finish or you reach the peak of cultivation, should you die before that time comes you would it would only count as a jump-failure and continue on your chain without the perks and items you gained here.

The Plot - +0cp

No matter what you do you would likely be drawn towards important events that are going to happen and turning points of the setting, you would face dangers and experience life and death battles, it would be good if you have the ability to change the events, though this is a nice drawback to make yourself have a significant impact to the setting.

Missing Friends - +100cp

Upon entering the setting you and your friends meet some disaster while you arrive in your destination your friends are scattered throughout the continent, though it would be inconvenient to them but you would meet your friends again one way or another if you tried hard enough, if you previously don't have any companions you can't take this drawback.

Crippled Cultivation - +100cp

Pick two out of the three cultivation system and you're unable to cultivate on those cultivation system, no matter what cultivation methods, treasures or materials would not able to help you, in this world where the top cultivators practice two or three cultivation system, you would be always at disadvantage when fighting them.

Xianxia Reincarnation- +200pts

Upon entering this jump you experienced a mishap this erased your memories as a jumper along with knowledge and items about this universe or jump you could only assume that you're like a typical reincarnated xianxia protagonist, the powers you gained from previous jumps are still their along with the one's bought here though the powers before this jump have to be re-learned from the beginning and you would recover your memories after post-jump, you may even replace and self-insert as one of the main characters if you want.

Savior Habits - +200cp

You have a soft spot of the oppressed and good people making you always stick your nose where it doesn't belong, everywhere you go and no matter what time you always pick a fight with those cultivators that are proven evil and would do extreme ways to kill them, though without harming bystanders and civilians along helping those in need especially if they're not wrong and typically good peoples.

Authentic Xianxia Experience - +400cp

All perks, abilities and items that are not purchased here are sealed except for the warehouse and body-mod, this is to allow you to experience a xianxia universe of everything this universe can offer and how those xianxia protagonist rise through their own blood, sweat and tears, though you would have their heaven defying luck to keep you alive, if this is your first jump, you gain no points for this drawback.

Rival Cultivator - +400cp

Years in-jump you would meet a cultivator that you would truly offend, this cultivator would be your equal in cultivation realm, mastery of techniques, laws, martial intents and battle spirit, every time the two of you would meet you would fight in a life and death battles that even outside of context powers would not help much, while his not unreasonable that he would fight you in a place full of civilians or battle restricted place but outside of that it's a fare game to him, and he cannot be killed should you have allies or sect with you when fighting him, he cannot also be killed by other factions or sect that you instigated to kill or harm him, near the end of the jump the two of you should meet for your one last battle, should you win and spare him he would become your companion and gain 1,000cp to purchase perks and items of this jump, you could also choose his gender if you don't like a guy to be your rival, be warned should you be careless when fighting him you would die and this would become a jump-failure but would not end you chain.

Competent Cultivators - +600cp

Every being that you would encounter here would be very competent and smarter like a real person with ability and would abuse their advantage at the best of they can, the villains or beings here aren't the type of noobs that exist solely to make the mc look better or antagonists to the heroines who the mc overcomes to get the heroine to fall in love, they are outright inhumane and cruel to crazy, evil guys who basically just want to watch the world burn in chaos, others just want to conquer and dominate all there is, they have their own fixed agenda, and whether they are at the forefront or in the background, this also applies to other beings as well like, older cultivators are wise and patient doesn't make a move on younger generations unless they did the bottom line of cultivators or they truly offend them, the elders and heads of the clan, sect or kingdoms are politicians that are sly as a snake and knows how to plan ahead and when to backed out for the future of their clan, sect and kingdom, with this drawback expect heaven defying plans and schemes that reach hundreds to trillions of years that accounts you as one of the variables and very hard to disrupt along with expecting life and death battles for every villain cultivators that to fight.

Wrath of a Kingdom - +600cp

While its normal to a xianxia protagonist to offend a rouge cultivator to a kingdom but they do it in sequence from small to big, and unlike them you skipped this time honored tradition of the xianxia protagonists, you completely offended one of the four main kingdoms of the sky pill continent which are the, nine furnace divine kingdom, sublime smelting divine kingdom, seven star divine kingdom and lastly the asura divine kingdom, few years in the jump by some fiat-backed event you would offend this kingdom that they would mobilize their entire kingdom to hunt you down, they won't start from the weakest to the strongest but the strong to the strongest they would make you helpless, and unlike a typical xianxia kingdom waiting for the mc to destroy them, the kingdoms that you choose would become very competent at hunting, fighting and defending sneak attacks from you, for additional 300cp you can choose to one of the remaining three kingdoms to offend, you can only take this drawback four times.

Endings

After ten years of surviving this universe you are finally given three choices to choose from.

Stay Here

Something about this world made you want to stay, maybe it's the friends or comrades that you made in this jump, nevertheless this would be the end of your jumping days.

Go Home

Deciding that you miss your family, making this jump your last, maybe is it due to you lounging for your family.

Continue

Onwards to the next jump leaving behind your friends and comrades you made for more power.

Notes

- *Post-Jump*
 - No matter what realm you reach you can infuse astral essence, true essence or spiritual essence to others and it would allow them to cultivate the system that you're using.
- *Cultivation*
 - There are three cultivation systems in *The Martial World*, the *Body Transformation System*, *Essence Gathering System* and *Soul Forging (Temporary Name)*.
- *Martial Intent*s
 - It is possible to buy empyrean primordial martial intent but you have to buy the *Heavenly Demon Martial Intent*, *Heavenly God Martial Intent* and *Heavenly Mortal Martial Intent* separately, after buying this three they would automatically merged to become the *Empyrean Primordial Martial Intent*.
 - About self-created martial intents, you can go wild and fanwank it on how much utility and effects it can have but if it's comparable to a transcendent divine might like primordial martial intent you must pay 300cp to create it.
 - *Examples of Cannon Martial Intent*s
 - *Ethereal* - Allow to the user to enter in state optimal for the cultivation and hastens the essence cultivation.
 - *Lesser Samsara* - Strengthen and protects the users soul when used

- *Heavenly Demon Martial Intent* - A fusion of three secondary martial intents, each secondary intent must be obtained and can then be fused, based on individual perception and chance, sub force field of the Primordius martial intent.
 - *Asura of the Heavenly Demon* - Create a force field that can suppress any cultivator within the range of the force field.
 - *Death God of the Heavenly Demon* - Create a force field that can stimulate the primal fear within the soul itself, affecting the control that the soul had over the body.
 - *Prime Emperor Lotus Flower* - Create a force field based on grandmist energy, also called grandmist space which suppresses all laws and techniques (including will force) as long as the user is strong enough.
- *Empyrean Primordius Martial Intent* - The transcendent divine might martial intent that is created by empyrean primordius composed of heavenly demon martial intent, heavenly god martial intent and heavenly mortal martial intent.
- *Perks and Items*
 - *Heretical God Force* by default in the setting you can only gain elemental soul or essence, but this version can gain soul and essence outside the common elements, it is possible to gain soul and essence from grandmist, genesis or spiritual energy or essence which can be nurtured to increase their rank via your astral essence, true essence and spiritual essence that the three cultivation system uses.
 - *And what can the grandmist, genesis or spiritual soul or essence do?*
Fanwank it.
 - *Bloodline Drops* item, would increase your talent to peak true divinity level, and using two would increase it to beyond true divinity level.
 - *Bloodline Drops* item, you can choose outside of the elements like time, space, yin, yang, grandmist, genesis or spiritual.
- *Talents*
 - *Talent* is measured by strength, dexterity, fighting capabilities, and added 'destiny' on oneself, take note that in the 'martial world' universe, they're scope of young powerhouses and prodigies in-general are only those who had, at least, a great start and aptitude for cultivation, impressive determination, potential, and of course in their youth to have had the so-called 'life of an emperor' as stated at one point in the novel. meaning that everything that they did was flawless, extraordinary and the novel even entails that they were 'destined' to be an emperor and no matter what happens they would never die, rather, it would be their enemies that would die a pitiful death and pave the road for their legend, of course, until they had exhausted they're potential.
 - *Levels of Talent* - I have nothing beyond true divinity since the mc is not there yet, and the years are your age and assuming started at the age of 12 and have no help from pills when cultivating
 - *1st Grade* = Altering Muscle before 30 years
 - *2nd Grade* = Bone Forging before 30 years
 - *3rd Grade* = Pulse Condensation before 30 years
 - *Human Grade* = Houtian before 30 years
 - *Earth Grade* = Xiantian before 30 years
 - *Heaven Grade* = Revolving Core before 50 years

- *Saint Grade = Life-Destruction before 50 years*
- *Emperor Grade = Late Life-Destruction before 100 years*
- *Hallowed Lord Grade (Divine Sea Talent) = Divine Sea before 100 years*
 - *Looks practically the same if you ask me*
- *Divine Transformation Talent = Divine Transformation before 120 years*
- *Divine Lord Talent = Divine Lord before 120 years*
- *Holy Lord Talent = Holy Lord before 1,000 years*
- *World King Talent = World King before 10,000 years*
- *Great World King Talent = World King before 10,000 years*
