

Come along on the Smash Up World Tour!

International Incident is the start of a year-long trip around the four corners of the world to visit some of the coolest heroes that different cultures have to offer!

From the cold of Canada to the heat of Mexico and beyond, this first World Tour set adds awesome factions to your fight for the bases.

The Luchadores bring their high-flying, death-defying wrestling combinations to the fight, and the Mounties are at their strongest while they get their man and keep the Great White North safe! The Musketeers use their explosive action chains to gallantly defeat enemies, and the Sumo Wrestlers bulk up and throw their weight around, knocking their enemies away.

This is meant as an expansion to the <u>Smash Up</u> Jump and meant to be taken with it. If a standalone, you're depriving yourself but have 1,000 cp to spend. As in previous versions, you may apply this as a supplement to any Jump where one or more Keyword is a valid origin.

KEYWORD

Choose Two

- **Luchador** They're going to the top rope! The Luchadors bring the high-flying stunts of Mexican wrestling to the Smash Up squared-circle! These masked wrestlers defy gravity, and their opponents, using their signature techniques to get the pin! Beware their set-ups, because their follow-ups are usually brutal!
- Mountie- Turn of the century Canada *cue silent film piano*... the Great White North is protected by the noble Mounties and their... battle moose! The Mounties always get their man, no matter how devious, all while upholding the noble demeanor of Canada. They like to be around others, and it's not just friendliness they are gathering their strength to take over.
- Musketeer- One for all, and all for one! Or three! Or really four, because there were four of them, but we'll ignore that, just like the title of the book! The Musketeers were the superheroes of Renaissance France, taking on corrupt elements with style and panache. Their quick skills with the blade were matched only by their quick wit. After biding their time, they explode into a dazzling series of actions.
- Sumo Wrestler- The powerful sumo wrestlers of Japan can really throw their weight around! These massive warriors can knock back any enemies that come against them, but don't let their initial girth fool you. They will sacrifice for power, and use that power to knock all opponents out of the ring!

- Quick Set-Up (-100 cp, FREE Luchador) You quickly, instinctively position yourself for advantage over your enemies, taking the high ground, putting the sun at your back and so on.
- Powerful Set-Up (-100 cp, FREE Luchador) You can make the most of any set-up or advantage of leverage and position.
- Reversal (-200 cp, discount Luchador) You are a master at not only freeing yourself from holds or throws, but turning them back on your opponent.
- **Tag-Team** (-200 cp, discount Luchador) You naturally work well with other fighters, falling into a rhythm that lets you maximize the impact and safety of both.
- Pin (-400 cp, discount Luchador) When you bear an opponent to the ground and restrain them, something very special happens. Any strength, leverage or special powers they have that might escape your grasp vanish like smoke in the wind. There's no escaping the count.
- Señor Muchoslam (-400 cp, discount Luchador) You are a legendary luchador, with the skills, physical prowess, and braggadocio to match. In all future Jumps you have the reputation of a champion of the ring.

MOUNTIE PERKS

Dudlee (-100 cp, FREE Mountie) You are polite, and always neat in appearance. You practically radiate wholesome trustworthiness.

Eh? (-100 cp, FREE Mountie) You have a peculiar talent for always getting the very last word in. No matter how clever or articulate the person you're trading barbs with, they'll be left spluttering in the end. And without being rude once!

Always Get Our Man (-200 cp, discount Mountie) You have the tracking skills and sheer determination to follow someone for months across the boundless wilderness of the frozen North. No matter how long it takes, the Mounties always get their man.

- To Battle! (-100 cp, FREE Musketeer) As a King's Musketeer you are naturally a master hand with both gun and blade, able to hold off five times your number in lesser soldiers.
- All For One (-200 cp, discount Musketeer) Once a Jump/decade, you can call upon anyone and everyone you have ever done a kindness for or fought beside to aid you, and be assured they will make it in time to help.
- En Garde! (-200 cp, discount Musketeer) You are always prepared for battle, no matter how impaired. Ambush and surprise are accordingly far less effective against you.
- Last Stand (-400 cp, discount Musketeer) When you need to stop the enemy cold, you can always find a chokepoint, and while you remain standing none can bypass you. Buy your friends time or hold the line to the bitter end.
- One For All (-400 cp, discount Musketeer) Once per Jump/decade, you can force a duel between yourself and the leader of your foes. If victorious, the threat of their armies or weapons will almost inexplicably melt away. If you lose, well, sometimes the hero needs to learn humility before hopping on his horse again.
