

# **Out of Context: Majin Buu Supplement**

V1.04 By **DeverosSphere** with grammatical assistance from **u/GenericDPS**

This document can be used as a supplement in any Jump that would not otherwise have the Buu subspecies of Majin within its continuity.

By taking this Supplement, you have chosen to be a member of the Majin Buu subspecies. You will enter into that continuity as a Drop-In, awakening as steam escaping a Sealed Ball.

**+1000 CP**

If this Supplement is instead taken as an Isolated Jump, you may select a setting of your choice, even if it doesn't have a Jump Document, and use this document as a ten-year-long Jump.

## **Origin:**

Though Majin Buu was known as a cheerful and childish being, that was only 1 of the 3 states of Majin Buu.

### **Innocent Majin**

You are a large, pure-hearted Majin, possibly due to an accident from absorbing something you shouldn't have absorbed.

### **Chaotic Majin**

You are raw, unbridled chaos, a childish manifestation of destruction and madness, a representation of the wild storm of nature.

### **Corrupted Majin**

You are putrid corruption, a festering wound, an embodiment of evil taking on an emaciated form deprived of the good within others.

## Perks:

### Perk Booster Demonstration:

To get a **Booster**: Perk you will need to purchase the stated Perks. As a **demonstration**:

### Something Rare -400 EP

This Perk is an example of something rare that the subject of this OOCs can do.

### Almost Unique -600 EP

This Perk would be an almost unique thing that the subject of this OOCs can do.

### *Something Rare Booster: Something Unique*

This Perk is an example of something unique that the subject of this OOCs can do.

In order to get the Perk **Something Unique**, you need to take both the **Almost Unique** Perk that it follows and the **Something Rare** Perk that is commented before the boosted Perk.

## General Perks:

### Gummy Guy - Free (Cannot be taken with “Uub Nijam”)

You gain a Majin Buu subspecies **Alt-Form** where your body is made from an amorphous, shape-changing, gum-like material that takes on a humanoid form with various skin tones and an antenna on your head. You may choose the colour of the materials you are made from, including Majin Buu Pink and Majin Titima Blue.

### Unnecessary Hunger - Free

You no longer need to eat food, drink liquids, or breathe to survive, but you greatly enjoy consuming tasty treats, mainly candy, cookies, ice cream, and pudding. Due to their amorphous bodies, Majin can eat large amounts of food without any discomfort and cannot die from old age.

### Magic - Free

You are inherently magical and possess the passive potential to use any form of magic. Some forms of magic have a cost for using them, such as them taking something from you in exchange such as joy or a memory, but instead, when you cast magic at most you will feel as though you have done physical exercise with most spells being as taxing as gentle walking but more extreme high-end magic feeling as though you had run a marathon. You can instinctively use your magic and can aid its growth through repeated use, but without training and education, you may find yourself limited to basic tricks.

### Ki Control - Free

You possess an odd ki signature that makes it hard for others to tell how strong you are. You can manipulate ki naturally, allowing you to fly and fire ki blasts as an instinctive action.

### **Unsealed Origin - Free (Cannot be taken with “Uub Nijam”)**

This is an **Out of Context Origin Perk**. At the start of a Jump, you can use this Narrative Perk to set your entry into the setting as if you were sealed within an object, such as a lamp or object of interest to the plot.

### **Dynamic Entry - Free (Requires 3 “Out of Context Origin Perks” from other Supplements)**

Using this **Narrative Perk**, you can dynamically craft your method of entry into a Jump as a Drop-In.

### **Self-Assembly -100 CP**

With this, you gain an extra Majin Buu subspecies **Alt-Form**, similar in appearance to Super Buu. Your body can easily reattach any separated body parts without discomfort or pain simply by touching them. If your arm were severed, you would be able to pull it back to yourself by force. It would then return to its proper place like a jigsaw puzzle, allowing you to reassemble your body from scattered pieces.

### ***Gummy Guy Booster: Recreation***

You can now reabsorb and reassemble any separated body parts through physical contact with the detached pieces. Should any pieces be missing or destroyed, they will regrow over a few hours. This allows you to perfectly regrow from every particle of your body so that even if only a fragment of your material remains, you will fully regrow eventually. However, doing so is tiring and painful.

### **Mini-Me -200 CP**

You can now separate your body into multiple smaller copies of yourself. Each copy will contain an equal portion of your mass (e.g., splitting into three would result in each copy containing one-third of your total mass), all of whom are proportionally as large as the others. Should any of the copies be destroyed, their memories and experiences will be shared with the others, and any lost mass will regrow over time. If you wish, each copy can be reabsorbed into the original, gaining the combined knowledge and experience of the copies.

### ***Recreation Booster: Smart Part-Of-Me***

You have conscious awareness and control over your entire body, even the parts separated from you. This means that the whole of your body has a sort of intelligence of its own that acts as an extension of yourself, all of which you will continue to have a mental connection with, regardless of distance. None of these minds will distinguish themselves from you, instead acting more like a form of multitasking. For all practical purposes, this means that if your arm exploded and was scattered around an area, you could see through and move each piece as if it were still attached to your body.

### **Majin See, Majin Doo -400 CP**

So long as it is possible for you to learn how to use a technique or ability, you will be able to learn it simply by seeing others use it. However, your capability to use the copied technique or ability may be rudimentary, resulting in a weaker version of the technique or ability without practice or repeated viewings.

### ***Smart Part-Of-Me Booster: Mimic You***

You can now instantly mimic any physical aspect of others on sight, such as changing your appearance to add features you wouldn't normally have, like wings or a tail. You can also save the appearance of others as you have seen them, utilizing their features to create a custom body for yourself that you can switch to instantly. You can also choose to have separate parts of you regrow into full-sized bodies and have them take on an appearance of your choice.

### **Absorption -600 CP**

You can use magic to engulf someone by using any part of your body to shrink and absorb them into yourself, gaining their knowledge, powers, and abilities. The body part that absorbs them does not need to be attached to you, but you won't gain your target's abilities until you reattach it. When absorbing someone, you take on their physical and/or mental traits.

### ***Mimic You Booster: Instant Replica***

You can now regrow any lost material almost instantly. This acts as a form of pseudo-immortality; even if your body is completely destroyed, you will shortly reappear fully formed. This also acts to protect any powers or abilities you possess. If they are lost or damaged, you will regrow a distinct replica of how that power previously functioned.

### ***Majin See, Majin Doo Booster: Lord Of Order***

You have tapped into a true state of order, allowing you to both understand and reinforce the order and structure of anything you perceive. You can tell when events have been planned out or were happenstance, as well as discern the chain of events required for the event to take place. You can also reinforce order, stabilizing any reaction you target, including chemical, magical, and dimensional. This can range from single molecules to cosmic scales, so that no unexpected factor alters results. Additionally, when absorbing others, you can toggle what physical and/or mental traits you take from the person you have absorbed.

### ***Lord Of Order Booster: Lord Of Absorption (Requires "Lord Of Purity", "Lord Of Chaos", and "Lord Of Corruption")***

You are no longer required to absorb a whole person to gain their power, strength, and abilities. You can instead absorb something as small as a hair, nail, or even blood. Additionally, whenever you absorb part of someone who has a special ability relating to foreign power sets - including but not limited to manifestation, mutant powers or soul expressions - you gain a perfect copy of that power specifically and can mimic the capabilities of others with that powerset. So long as you have absorbed part of someone with at least basic access to that system of power, this allows you to copy a wide variety of otherwise unique power sets such as Digimon Attacks, Cursed Techniques, Intrinsic Magic, Personas, Quirks, Semblances, and Stands.

## **Innocent Majin Perk Tree:**

### **Bigger Belly On The Inside -100 CP (Free for Innocent Majin)**

Your internal structure is a thousand times larger than your external appearance would suggest, allowing you to store anything you can insert into your body and remove it later without harming either it or you in any way. You also gain an extra Majin Buu subspecies **Alt-Form**, similar in appearance to Fat Buu.

### **Healing Light -200 CP (Discounted for Innocent Majin)**

You can instinctively wield your magical nature to perform healing techniques that can close wounds, heal damage, and restore someone's physical condition, stamina, and ki to rejuvenate them to full strength.

### **Sealed Tight -400 CP (Discounted for Innocent Majin)**

You can now use any energy you possess - including mana, stamina, or ki - to perform a power-sealing technique, blocking any type of power your target possesses. You can select one or more types of power they possess, including magic, physical augmentations, and some natural abilities, blocking the target's access to that resource until you release the seal. You can also completely block the target's access to esoteric abilities altogether, but can not restrict their abilities below the level they need to survive. The more powerful the target is and the more types of power you wish to block, the more energy you will need to expend to block it. This will not prevent the target from growing in strength should they try to gain power again, but unless they can break the seal, they will be unable to access their lost power.

### ***Majin See, Majin Doo Booster: Pocket Monster***

You can now use your energy to seal a target into an object, putting them into a dreamless sleep. The more powerful the target is, the more energy you will need to seal it. While sealed, they will not need food, drink, or air, but they will continue to age. Any object an entity is sealed within can be used as enchanted equipment, allowing those who wield it to draw out their power and wield it for themselves. Should the object be destroyed, the target will be released from their seal.

**Master Of Change -600 CP (Discounted for Innocent Majin)**

You can now produce a beam that will change the material of anything you hit with it. You could change any object or person into any other type of object - such as chocolate or explosive materials - with them optionally retaining the same general shape and size. This will affect anyone struck by the beam regardless of their strength, but they will retain their abilities and consciousness while transformed, potentially allowing them to attack. The user usually announces what the attack will turn the victim into before using it.

***Absorption Booster: Divine Creation***

You have tapped into true creation, allowing you to use the divine power of the Kaiōshin and perform true creation. You can manifest various forms of matter and energy from nothingness, but you need to plan your creations' consistency, or the materials might be unstable and fall apart with potentially disastrous results. You will be able to create simple objects like basic solid poles or cubes without thought, but with time and practice, you will be able to create an exact replica of the universe, including people and objects, with ease. The materials and objects you create are not restricted by what already exists within the universe and, so long as it is stable, you could create new resources that cannot naturally exist.

***Healing Light Booster: Lord Of Purity***

You have tapped into a state of purity, allowing you to sense the quality and impurities of anything you perceive. You can then strip out any impurities within anything you target, such as removing curses from an object, exercising demonic possession, or breaking mind control. Not all purity is good; you can separate things into their pure state, allowing you to divide the aspects of your target - including personalities, powers, and consciousness - as separate copies of the target. This can be done as a temporary change that leaves a connection between the sections or as a permanent action with the separated components unaffected by one another.

## **Chaotic Majin Perk Tree:**

### **Short Destruction -100 CP (Free for Chaotic Majin)**

You can compress your form, becoming smaller while also compacting the power within your body. Even if you shrink down to 1 cm, you will still possess your full strength and durability. You also gain an extra Majin Buu subspecies **Alt-Form**, similar in appearance to Kid Buu.

### **Shifting Concept -200 CP (Discounted for Chaotic Majin)**

Through your magical nature, you can change your physical form by instinctively reshaping your features, growing additional limbs, and changing your body proportions as you see fit. Though these alterations can change your physical form, they won't affect your capabilities much. Making yourself more muscular or looking like you're made from a durable material will not affect your physical capabilities. Growing or shrinking your physical size, however, will affect your weight and how much of your strength you can utilize.

### **Eldritch Anatomy -400 CP (Discounted for Chaotic Majin)**

You can alter your body's gum-like material into different states of matter, shifting any part of yourself into a solid, liquid, gas, or plasma state, all while still retaining relative connections and maintaining your identity. You could turn your arm into a liquid and mix it into a river, moving it through to the other side before reforming it as a solid. You could turn your whole body into a mist to fly into the sky, merge with a cloud, and rain wherever you wish, all without any discomfort or pain.

### ***Majin See, Majin Doo Booster: Altered Matter***

Rather than just taking on different states of matter, you can now transform into whatever material you have previously touched. You could change any part of your body into a combination of diamonds, coal, vibranium, wood, and skin without losing any functionality. You can also permanently detach some of your transformed matter, effectively destroying that part of your body so that it remains that material indefinitely.

### **Targeted Power -600 CP (Discounted for Chaotic Majin)**

You have an almost impossible aim; you always hit what you're aiming for, even if you don't know where they are. When you designate a target and fire a projectile, it will always hit the mark regardless of where that target is, all while taking the path of least resistance. If you target multiple things with a single shot, such as every human being on Earth, your projectile will split apart before raining down and hitting every single one.

### ***Absorption Booster: Unleashed Destruction***

*Before creation comes destruction.* Your power is no longer that of a mortal, but of true destruction. Yours is the power of the **Hakaishin**. You can now produce energy that can not only destroy objects and worlds but also concepts and ideas. When used to destroy something, this energy completely erases it from all timelines and dimensions unless the target has some form of protection, such as immortality or a time ring. This erases bodies, souls, and even non-corporeal beings such as ghosts. Given time and a greater understanding of this power, you could both bypass any protection and learn to wield it in such a way that simply intending something's destruction will destroy it. Eventually, you could even apply this retroactively, completely preventing the target from ever existing to begin with.

### ***Shifting Concept Booster: Lord Of Chaos***

You are no longer limited by the physics of whatever reality you find yourself in. You cannot be broken either by the fundamental rules of a universe or when those rules are discarded. Existing outside of the limiting dimensions of mortal beings, you can travel in directions that most can't even see. All of your perks, powers, and abilities will expand to account for this extra-dimensional space. You will adapt to perceive and process things outside of normal dimensional spaces without harm, even if these sights would normally cripple mortal minds. Finally, you can control how much your presence disrupts the natural balance of things and if your true visage warps the minds of others with a sliding toggle.

## **Corrupted Majin Perk Tree:**

### **Flat Chance -100 CP (Free for Corrupted Majin)**

You can manipulate your physical depth, allowing you to flatten your body. While parts of your body are flat, you can become sharper without losing any durability, allowing you to slide through cracks, avoid strikes as though you were dodging them, or use any of your limbs like blades. You also gain an extra Majin Buu subspecies **Alt-Form**, similar in appearance to Evil Buu.

### **Darkest Minds -200 CP (Discounted for Corrupted Majin)**

Through your magical nature, you can naturally tap into the darker aspects in the minds of others. You can release and manipulate any malevolent aspects within them, forcing them into submission by dominating the malevolent desires in their heart, using it like a carrot on a stick.

### **Broken Body -400 CP (Discounted for Corrupted Majin)**

Whenever you look at something, you instinctively see what parts of it are vital for it to function. This allows you to see the easiest way to cripple, disable, or destroy any target. You also understand how to emulate any special weaknesses the target has, enabling you to emit sounds that cause the target severe pain, project a power-disabling radiation, or take on properties to prevent their abilities from working on you, such as turning into yellow wood.

### ***Majin See, Majin Doo Booster: Impersonation Of Power***

When looking at something, you can tell what makes it strong, whether it is a magic weapon, a transformation, or even the ability to absorb sunlight in a specific way. You can mimic this power, creating your own version of the ability. You could make a Buu Blade equivalent of Excalibur from ki, your own Super Majin Form using fake Majin-S-Cells, or even create an artificial Stand using a combination of ki and magic. Though this impersonation of power will not be the same, it will mimic the same processes which may result in the strengths and weaknesses occasionally overlapping, but not always.

### **Spreader Of Night -600 CP (Discounted for Corrupted Majin)**

You have gained an innate connection with darkness, allowing you to see in shadows as if they were a gentle, glowing light. However, you are not just at home in darkness; you can feed on light for darkness to grow. When opening your mouth, you can choose to suck in any form of light, draining its reserves while bolstering your own. When used on an enemy with light-based abilities, they are drained of their light energy and aura, resulting in their energy reserves weakening unless they stop producing light. When used on a natural light source, such as the sun, the area would continue to slowly dim as you draw in more light, potentially to the point of pure darkness. If you consume more energy than your body can contain, it will cause you to swell up and release it all in one explosion, destroying the surrounding area and scattering parts of your body.

### ***Absorption Booster: Devouring Demon***

There is a light within all things, and now you can devour it. You can manipulate and gather all forms of energy from anything, including plants, animals, objects, people, the atmosphere, and even the world itself, consuming it to strengthen yourself. You can select a specific target, steadily draining their energy without them even being aware. With this parasitized energy, you can awaken the power to make yourself more than merely a Majin, becoming a **Dark Demon God**. Your features will grow more demonic as you gain additional markings, as well as a demonic tool formed from your essence, such as a staff, a hammer, or a sword with a crystal orb. The form your demonic tool takes will be unique to you. This demonic ability can undergo further transformations, increasing your power as you gather more energy.

### ***Darkest Minds Booster: Lord Of Corruption***

You can passively see the malevolence and corruption within all things, allowing you to not only draw out the energy of this corruption but also warp it to suit your intentions. You can either corporealize it to draw it out and manifest it as a monstrous creature or, if your target has enough corruption within themselves, change them directly. Regardless of which you choose, the resulting creature's appearance will match the corruption it was born from and it will be yours to command.

**Items:**

Any lost or be returned to you after a week in the same condition as when you lost them.

**Baggy Trousers - Free**

You gain a set of Majin Clothing consisting of baggy white pants, a black belt with the Majin symbol, black arm coverings, and black boots. Optionally, you may also choose for your Majin clothing to include a bandeau, a cape, or a waistcoat. All your Majin Clothing will share the same benefits your body gains from your perks, powers, or items, as though they were a part of your flesh, and may change depending on who you absorb.

**Sealed Ball - Free**

This Sealed Ball, a big, brown cocoon with vein-like bulges on it, can comfortably contain anything within it. When something is sealed within it, it is kept in a state of unconscious stasis until enough energy is injected into it, at which point it will split in half, shooting smoke out.

## Drawbacks:

### Uub Nijam +300 CP

Instead of an out-of-context **Drop-In** from an alternate reality, you were reincarnated from a member of the **Majin Buu subspecies**. You will need to work with **Jump-chan** to determine how this meshes with your current setting. Additionally, you will not be able to acquire the Items listed in this document.

### Clone Problems +300 CP

While you would normally be the only member of the Majin race within the Jump, it seems that a number of the clones **Android 21** created have joined you. Aside from their darker colour, these **Kid Buu** clones look identical to the original. Unless they are attacked or come across another Majin, they will simply roam without becoming hostile.

### Something You Absorbed +300 CP

You have absorbed someone whose moral code and opinions are the opposite of your own, something went wrong and you were changed for the worse. Not only are you slightly weaker than you would have been otherwise, but you will occasionally suffer from outbursts where you act contrary to your principles and beliefs.

### Pure Majin +300 CP

You can only purchase perks from the **General Perks Tree** or your **Origin Perk Tree**.

### Imported Buu's +200/+700 CP

With each purchase of this drawback, a different Majin will appear somewhere on your starting planet during this Jump. For **+200 CP** each, you may choose between **Good Buu**, **Kid Buu** or **Evil Buu**. For **+700 CP**, all three will appear.

- **Good Buu** is a rotund Buu who believes that you have harmed Mr. Hercule. Good Buu has access to all of the **Free General Perks**, as well as all of the **Innocent Majin Perks**.
- **Kid Buu** is a short, chaotic Buu who sees you as an enemy. Kid Buu has access to all of the **Free General Perks**, as well as all of the **Chaotic Majin Perks**.
- **Evil Buu** is an emaciated, grey Buu who seeks to consume you. Evil Buu has access to all of the **Free General Perks**, as well as all of the **Corrupted Majin Perks**.

### Superior Buu +600/+1000 CP

For **+600 CP**, either **Super Buu (Base Form)** or **Android 21 (Scientist Form)** will enter the Jump with all of the Perks in this Jump document.

For **+1000 CP**, both **Super Buu (Gohan Absorbed)** and **Android 21 (Evil Majin)** will enter the Jump, each with all of the Perks in this Jump document.

## **Generic Drawbacks:**

### **Accident Prone +100 CP**

You're prone to minor accidents that, while inconvenient, painful or embarrassing, are not likely to kill you. You can expect any plans you make to suffer some kind of bad luck.

### **Acrophobic +100 CP**

### **Age Problems +100 CP**

For the duration of this Jump you lose all age resistance perks and powers.

### **Almost Entirely Dark +100 CP**

Has the sun gone out or something? Everywhere you go, it seems like it's so dark that you could mistake midday for early night.

### **Always Left Behind +100 CP**

### **Amnesia; Jumpdoc +100 CP**

You lose all memories and knowledge of what you purchased in this Out of Context Supplement and any connected Jumpchain.

### **Antagonistic Timing +100 CP**

Your enemies keep showing up at inappropriate times.

### **Artificial Flashbacks +100 CP**

You have horrific flashbacks to horrible events involving your family and yourself. These events never actually took place, and the flashbacks happen randomly.

### **As You Know +100 CP**

Everyone expects you to already know what's going on so don't expect to get any explanations.

### **At Least Buy Me Dinner First +100 CP**

Dangerous entities have a habit of taking an interest in you... a romantic interest.

**Awkward Affection +100 CP**

You are really bad at expressing your affection with every attempt you make being extremely awkward and unpleasant for anyone who observes it.

**Bad Name +100 CP**

Everyone you meet will assume your name is something that you find insulting or annoying and nothing you can do will change it in your mind.

**Behind Your Back +100 CP**

People always say horrible, hurtful things about you whenever they *think* you're out of earshot.

**Black Cat +100 CP**

Expect to see ill omens that seem to suggest terrible things coming your way. Mirrors break in your presence, lone magpies drop dead at your feet and other strange, malign portents follow you. Let's hope these superstitions are just that.

**Bounty +100 CP**

It seems you've pissed off the wrong people. You have a notable bounty on your head, and while it's not enough to get the big guys interested, it *is* enough to draw the attention of random thugs.

**Culture Shock +100 CP**

This world doesn't have the same cultural standards you're used to, which isn't a problem if you're quick to adapt. Unfortunately, you *won't* be. You'll constantly butt heads with anyone whose cultural norms and social mores are different to your own. While you can slowly adapt, they'll always rub you the wrong way and your overall experience here will be much less enjoyable.

**Crop Rotation +100 CP**

Pests and poor weather have had a serious impact on the local farming industry. Food will be harder to come across and far more expensive as a result.

**Dark Memories +100 CP**

You will now gain memories of a lifetime of abuse since early childhood though these memories are false you will not be able to differentiate them from real memories beyond knowing they are fake.

**Didn't Read The Instructions +100 CP**

You don't know how anything works and refuse to have anything explained to you. Using any sort of equipment will require trial and error.

**Disinteresting +100 CP**

You seem to emit an aura of monotony causing everyone who doesn't know you to think you are a boring stick in the mud that wouldn't know fun if it hit them.

**Do you Feel Lucky Punk +100 CP**

You keep unintentionally making pop culture references that no one else seems to recognise.

**Double Trouble +100 CP**

You will always encounter twice as many enemies in the world, because every foe you face will have an identical copy who only *you* can see. The worst part is that this seems to be a Schrödinger situation as the *real* one is the one who you *don't* go after.

**Easily Deceived +100 CP**

You're too trusting, willing to believe almost anything you're told, and become confused when you're told conflicting things.

**Elites Everywhere +100 CP**

Every group of opponents that you face will have at least one additional elite member.

**Extended Stay +100 CP**

You can increase the duration of this Jump by ten years. You can take this a maximum of ten times, increasing it by up to one-hundred additional years.

**Friend List +100 CP**

Random people claiming to be your friends keep showing up, but you won't remember any of them. Although some of them may be, most are trying to maliciously use you for their own benefit.

**The Glitch +100 CP**

Technology fails around you, usually when you need it most. This could be anything from airlocks glitching when you're short on air, powerpacks falling out of your blaster when the cyborg-bounty hunter is taking aim, or your cybernetic arm locking up when you need to lift rubble off of yourself. You might be able to jury-rig a quick repair, but you better act quickly because while this won't be instantly fatal, it will make things more dangerous.

**Gore Galore +100 CP**

It seems that every creature you kill has ten times the amount of blood and viscera that you would expect making it a real possibility of drowning in the blood of your enemies.

**Heroic Sayings +100 CP**

You unintentionally use quotes and sayings that come across as annoying or cheesy every time you try to talk with others.

**Hidden Knowledge +100 CP**

People keep forgetting to tell you important things until it's *just* about to become relevant.

This only triggers once per task and will not become an endless loop of deception.

**Inconveniences +100 CP**

You will constantly encounter minor obstacles that are uncomfortable to deal with.

**Kick The Cook +100 CP**

You are a terrible chef and everything you cook is disgusting. You can't even cook toast without making it *monstrously* vile.

**Knowledge Lockout +100 CP**

You lose all of your knowledge of the setting's universe and its continuities once you start the Jump.

**Language Barrier +100 CP**

You do not speak the local language and no one here knows what you're saying until you learn.

**Looser +100 CP**

Anyone who doesn't know you will automatically expect you to fail at whatever you are trying to do. This will cause those who mean well to push you to work harder and those who don't mean well to attempt to discredit you.

**Low Budget +100 CP**

Something about this world just seems... *cheap*, with flying wires, plastic shields, old school lights and tatty looking monsters.

**Magnet For Misfortune +100 CP**

You have *terrible* luck. You're almost constantly hit by random, unpleasant and painful bouts of misfortune.

**Money Money Money +100 CP**

Your avaricious desire for money and other symbols of wealth leave you willing to go to extreme lengths to get more.

**Never Mind My Head Trauma +100 CP**

People don't care when you're injured.

**Nightmare +100 CP**

Each and every night, you'll fall asleep and suffer terrible dreams that you can't separate from reality.

**No Hard Feelings +100 CP**

There's one random person who constantly tries to outdo you... and somehow, they keep succeeding before rubbing it in your face.

**Optician Required +100 CP**

Your eyesight is highly restrictive as you can not see anything other than indistinct blurs without wearing glasses. No form of healing can remove this drawback and any form of contact lens will feel incredibly itchy.

**Orphan +100 CP**

Your in-universe parents are dead and you are an orphan.

**Pixelated Objects +100 CP**

This pixelation in this Jump would shame an NES. Everything is blocky!

**Plot Anchor +100 CP**

Every plot seems to revolve around you and no matter what you do you will always be dragged into the story.

**The Pollen +100 CP**

You have hay fever and it's really, *really* bad. Just a handful of flowers could leave you with blurred vision and sneezing for hours.

**Prove Your Worth +100 CP**

Every time you try to do anything, it seems that everyone wants you to complete an arbitrary task to somehow prove your worthiness. This won't be hard, but it happens all the time for every little thing. It may even cause you to get stuck in a worthiness spiral, requiring you to prove your worth in order to get things needed to prove your worth for some totally unrelated task.

**Recurring Foe +100 CP**

You have an enemy who you have no way to convince to leave you alone. Each time they face you, they learn more about you and how better to face you in the future.

**Rough Childhood +100 CP**

You were not as lucky as some people. Your in-universe childhood was - or will be - abusive and painful to such a degree that you will be affected by it, even if you didn't really live through it.

**Scarred +100 CP**

You either have horrible burns or horrible wounds, none of which you can hide. You appear monstrous to others.

**Scripted Encounters +100 CP**

You'll run into whatever threat you're dealing with more often. You won't automatically become a priority target, but sheer proximity is likely to put you at risk.

**Shameful Attraction +100 CP**

The worst kind of perverts keep seeking you out and trying to get you to fulfill their fetish.

**Shy +100 CP**

You find that it's incredibly difficult to talk with people you want to be friends with.

**Sickly +100 CP**

You have a poor immune system and are more susceptible to illness. You'll get sick at least once a month.

**Silent Night +100 CP**

Unfortunately not. An annoying narrator who constantly insults you and reiterates things that you already know will rhyme in your inner ear every. Single. Christmas.

**Silent World +100 CP**

The world seems emptier than it ought to be. You don't know what happened, but the population of your starting planet (or nearest equivalent) is *drastically* lower than expected, even after including every named character. If you would normally see eight-billion humans, you can instead expect to see as few as seven-*million* instead.

**Simple Minded +100 CP**

You find it difficult to understand somewhat complex topics, and you have trouble remembering when holidays are.

**Stalker +100 CP**

A random, ordinary human knows *everything* about you and is *obsessed* with you. They're also protected from any Perks or Powers that would help you find them quickly.

**Stranded +100 CP**

Instead of whatever your normal starting location would have been, you find yourself in the middle of a deserted island somewhere in an ocean.

**Team Up +100 CP**

It seems that you can't go anywhere without some random person showing up and joining you. What's worse, *they* always seem to get any of the praise you may have earned and *you* always get all of the criticism.

**They Heard You +100 CP**

Any time you say something mean about someone, they'll overhear you and probably get upset. You will forget you took this Drawback.

Any time you leave any treasure unguarded, expect thieves to show up and steal it.

**This Is A Holdup +100 CP**

For some reason, every two bit henchmen, sidekick, minor minion and comedy relief character thinks they can kick your ass and they're going to go out of their way to prove it! Expect to get mugged *a lot*.

**Two Of A Kind +100 CP**

People keep drawing parallels between you and other people, and these comparisons are *not* flattering.

**Unknown Rival +100 CP**

It appears someone has taken a shine to you, but not in a good way. They have abilities or a similar area of expertise to you, and they're *not* taking it well. They won't do anything to outright harm you, but they *will* try to one-up or challenge you, and there's not much you can do to get rid of them. If you beat them at their own game, they'll double-down. If you try to help them beat *you* to get them to leave you alone, you'll come out on top purely by accident which will, again, spur them to double-down.

**Unnecessarily Slow +100 CP**

Everything that happens here seems to take forever, moving at a snail's pace. I hope you're a patient person.

**Unwanted Crossover +100 CP**

These individuals tend to be in line with the power level of the chosen setting but you won't have any way of knowing when someone new has shown up.

**Wanted +100 CP**

You have a criminal record somewhere out there. It has a surprisingly high bounty, but not so much that you will be sought out. People *probably* won't go after you as long as you stay away from wherever your wanted poster is.

**Wearing Underwear on the Outside +100 CP**

You have terrible dress sense with everything you wear being the worst possible combination of clothing.

You have lost your eyesight and will not regain it this jump.

A powerful godlike being will interfere in your life making it more interesting or fun for them to observe.

**Godly Distractions +200 CP**

Your presence has drawn the attention of the universe's local divinity. Though they will not take direct actions against you they will pull strings to make things difficult for you until you choose to confront them. If no gods exist within the Jump continuity your Jump-chan may choose to retroactively add the Gods, such as the Greek Gods to the setting for this Drawback.

**Hormone Problems +200 CP**

You have a heightened state of arousal that makes it so that you are constantly in the mood and find those you are attracted to far more attractive.

For some reason everybody is an asshole to you. They will treat you like dirt and if you dare refuse to do anything for anyone don't expect any kind of help from them ever.

**The Good People +200 CP**

It seems that everybody wants something from you, they want you to get their cats out of trees or fetch them milk for their tea, regardless if you refuse to do a task for someone you're the asshole. On the bright side, if someone has already given you a task that you are currently working on, people are less likely to give you new tasks.

**Thou Shalt Not Kill +200 CP**

You are not capable of killing someone, giving anyone who may be killed by you selective immortality.

**Too Soon +200 CP**

Every attempt at a romantic confession or to kindle a relationship will crash and burn in a humiliating way.

Alternative versions of you from the future keep showing up and causing disturbances before disintegrating.

You have a massive crush on one of the main characters as appropriate for you, you will discover which one when the jump starts.

**Wider World +200 CP**

This world is bigger than you would normally think but this makes the world more dangerous. **Just A Child +300 CP**
