

Ben 10 (2016 Reboot) Jumpchain

V1.02 By DeverosSphere

It started when an alien device did what it did. And stuck itself upon his wrist with secrets that it hid.. oh those aren't the lyrics anymore.

Welcome to the **Ben 10 Reboot** much like the original, It's the story of a 10 year old boy named Benjamin Kirby Tennyson who found a high tech alien watch that allows him to transform into 10 alien superheroes!

You will be in this Jump for a minimum of 10 years and you gain **+1000 CP**

The history of this universe has taken several strange turns that make it very different to the original that you may be more familiar with. These changes seem to stem from the galvan weapon Ascalon never having been created, this resulted in both Azmuth being less mature and the Incursean Homeworld never being destroyed

Due to this change of perspective Azimuth instead of choosing Myaxx as his assistant, chose the troublemaking but brilliant Vilgax who in turn postponed his plans for Galactic Domination. Because Vilgax never attacked the earth, the Fonderie/Plumbers never realized the dangers of space and the Galactic Plumbers never set up a full system of operation.

When Vilgax finally took actions towards Galactic Conquest he was quickly felled by his own weapon, the Omnitrix.

With the threat of Vilgax having already been dealt with and his search for the Omnitrix being more discreet, the many extra-terrestrial entities became less interested in the device and the planet it landed on, making almost all threats to this world native to it.

Why do you always show up -300 CP

While this **Perk** is active, you and your enemies seem to have a plot magnetism that always seems to draw you together at the right time. This makes it so that you can always have an opportunity to deal with their plans even if you don't know about them.

Whether these plans are the villainous intentions of costumed criminals or the selfish desires of a young hero depends on your morals and your intentions. Regardless of this situation this **Perk** will always allow you to interfere with plans that will negatively affect you.
