

# ORC MASSAGE

V 1.2 BY APOCBOX

Massage for **M**onster **G**irls

In this modern world populated by various fantasy races, the problems that people face are far more grounded than things like monster attacks or dungeon raids. No it is the burden of taxes, the monotony of a nine-to-five job, and, of course, the muscle cramps and knots such a stressful life creates. Is it any wonder, then, that massages are such a popular thing? With a variety of different races and variation in their biology, it means that the skills that the professional masseurs and masseuses need to have must be extremely varied unless one wants to cut off a part of the population from their provided services. And there is a new place opening up that will provide such varied services to many people of the local city, owned by a rather greedy goblin and operated by a reserved orc. You enter on the day a certain elf CEO finds out about said parlor.

Take this 1000 points to spend. You will stay here for 10 years.

## ORIGINS

Choose your age and sex for free

### MASSEUR

You are one of the unsung heroes of the modern world, saving people's bodies from stress and providing much-needed relaxation.

### CLIENT

One of the regular people of this world who has to suffer through the horrific existence that is the modern society. Your back is probably one giant knot at this point. Maybe go find a nice place to get it sorted out?

# PERKS

Perks are Discounted to their respective origins, perks worth 100 are free and the rest is 50% off. Free Perks are optional.

## GENERAL

### It's A Porn Game Free

Everyone around these parts, you included, looks rather dashing. Whether it be a strong masculine orc or a tired yet horny and beautiful elf girl, you have an archetype you fill rather well. Sex in general feels better, and holes seem to be able to stretch far farther without damage or pain. You are immune to STDs and have control over your own fertility with others believing you are using protection if you set it to zero.

### Race Free/100/200

This world is full of all kinds of different monster girls and boys, and you are one of them. For free, this either doesn't give you any advantages or only gives minor ones, like being a goblin or a cat girl. For 100 this provides a rather nice advantage, like being able to transform into aquatic form and into a human as a mermaid or having an increased lifespan and resistance to illness as an elf. For 200, it's a great advantage, like the supreme strength of an orc or the ability to fly of a harpy. Becomes an Altform after the jump.

### Big Orc Cock 100

Oh my. Truly a weapon befitting such a barbaric creature as yourself. You have a giant cock easily bigger than most people's forearms and appropriately thick with a set of balls to match. It brings great pleasure to anyone you fuck and stretches them extremely pleasantly despite what their biology should say. Your stamina, both sexual and normal, is also immense, allowing you to give several people a day both a full-course massage and a fucking marathon and feel barely winded after. If you don't have a cock, you can either get one or have the effects apply to your pussy, with it being extremely pleasurable and being able to take in giant cocks.

## MASSEUR

### Orc Strength 100

Yo, look at those guns! You lift, bro? You are one strong fella, being able to easily lift most normal people with a single hand and use them as a

**fleshlight. You also find that you never lose your gains through disuse, be they physical or skill-related.**

### **Handsome Guy 100**

**You just ooze confident manly energy by sheer existence that makes people feel all warm, fuzzy, and protected when they are near you. People who are into such qualities find you immensely attractive. You don't have to be a guy for this to work; Ikemen Joshi/Bifauxnen are quite popular as well.**

### **One Of The Good Ones 200**

**People do not judge you based on your inherent qualities and looks, instead doing so based on the contents of your character. Well, you still get the pretty privilege if you are good-looking. No longer will you get stopped by cops for a "random search" because you "look suspicious."**

### **Accommodating Your Guest 200**

**You have an instinctual understanding of what anyone needs in their environment to feel comfortable and relaxed as well as having increased luck in finding such things. Get yourself a mermaid client in a couple of hours? Well, after a few minutes of searching, you'll find a waterproof spray and a good hose being sold nearby for you to quickly convert a room into a pool.**

### **Do You Even Lift, Bro? 400**

**With all of your training, be it purely physical or one for becoming more skilled at something, you learn ten times faster than before. You also find that you can learn things that usually would require a partner, like a massage technique, all by yourself by just using a mannequin or a doll.**

### **Good Luck Being Found 400**

**People whom you would find attractive and who would find you attractive just keep stumbling upon you. They also usually require some sort of help you can provide that will increase their opinion of you greatly.**

### **Scratch That Itch 600**

**Ah, yeah, that hits the spot. You are perhaps one of the best, if not the best, masseurs/masseuses around here. Your skilled hands are so good at giving pleasure; you could make the most frigid and insensitive person**

**cum from just massaging their back. Your massages also bring great health benefits, helping others live far more happy and healthy lives.**

### **Pussy Magnet 600**

**Maybe it's your shyness or professionalism or that giant muscular bod, but anyone enjoying your services, work, or company is far more likely to want to fuck you, and if you scratch that itch just fine, they'll recommend you to their friends whom you'd find attractive, instinctively knowing not to mention you to the ones you wouldn't. Your partners, both romantic and/or sexual, do not feel jealousy when you engage with others, either being ambivalent to it or actually finding that hot.**

### **CLIENT**

#### **Tired Appeal 100**

**You are quite a beautiful individual, aren't you? Easily being good enough to be a popular model. And your beauty only seems to get better the more tired you get, with others finding it extremely appealing.**

#### **Never Stiff 100**

**You have great resistance to getting muscle cramps, the forming of knots, joint inflammation, stiffness, increase in muscle tension and overall getting tired. You could spend your whole time here sitting behind a desk in the most uncomfortable chair imaginable, with the worst posture, and only feel a bit stiff by the end.**

#### **Good skin 200**

**What sort of beauty products do you use? What, it's all natural? Lucky bitch. Your skin is incredibly good and healthy, almost glowing and being extremely pleasant to the touch. And your insides are actually even better with you being able to bring most people to the edge with a few licks or hip thrusts.**

#### **Seeking Accommodations 200**

**It can be quite hard for some people out there to find a host that will accommodate their desires well. You don't have to worry about it, as any sort of business always seems to have just the right options to make you feel relaxed and comfortable.**

#### **Good Luck Finding 400**

**You have great luck in finding great places and people who would bring you happiness and pleasure. They also seem to help you out with quite a few of your issues for, if not free, then extremely cheap, making your life a lot easier.**

### **Always Available 400**

**It can quite suck for you to clear your rather busy schedule for an appointment only for it to be completely booked. Well, not to worry, as from now on, any and all services and even your friends and family always have time and space for you.**

### **Business Empire 600**

**Wealth creates more wealth. It's just a fact of life that getting rich is easier and easier the more money you have. So is it any wonder that long-lived races are usually the richest? You aren't just a genius businessman, being able to instinctively run even the hardest of ventures single-handedly, but you also have centuries of experience in the field of making money. Creating and running a giant economic empire has never been easier.**

### **Truly Monstrous 600**

**Some species out there, like mermaids, can assume a more humanoid form at will, allowing them a more comfortable existence. But some, like you, can do the opposite. At will, you can assume a far bigger and monstrous form perfect for wreaking havoc and destruction. An orc might turn into a ten-meter-tall behemoth nigh immune to physical damage, while a harpy will turn into a giant bird capable of knocking down skyscrapers with the hurricanes it could make by flapping its wings.**

## **ITEMS**

**Items are Discounted to their respective origins, items worth 100 are free and the rest is 50% off. Anything can be imported into a fitting item (Weapon into a weapon, tool into a tool etc.). If lost or stolen you get them back in an hour. All items can be bought multiple times, with free items costing 50 after first purchase. You can combine compatible items like Basic Workout and Golden Gear.**

### **GENERAL**

**Don't fantasy races just make any setting better? Why not bring them along to the future worlds with you? Now at the start of each jump you can decide if any sentient race or species you've previously met on your chain will make an appearance there. Although that can change the world somewhat, it will not change the canon plot much.**

## **MASSEUR**

### **Steady Cash 100**

**Giving massages and fucking S-class beauties is all good, but unfortunately the real money makers are the average clients, purely from how many there are. Thankfully, you have a rather nice supply of money coming your way, making you able to focus far more on the people that actually matter than wasting time on the normies.**

### **Massage Parlor 100**

**A rather nice and cozy, if small, apartment with all the necessary things a starting masseur will need. From the bed, to the towel and oils, to a... waterproof spray? What's that for? ### **Blue Blood 600**

It seems we have royalty in our midst. Or well, ex-royalty, I guess. The thing is, before the modern days of democracy, your family ruled a country that mostly consisted of your race, and many of them remember those times fondly to this day. This gives you great respect and reverence from members of the same race as you, with them viewing you as deserving great treatment even if you are currently just a retail worker, for example. This follows you into future jumps, with members of the race you are currently there having the same reaction to you.

You have unknowingly signed in to work some pretty low-paying yet physically demanding job. You'll be doing it for your entire stay here for about 40 hours a week.

### **Timing Control +200**

You have no rhythm, and your timing is shit. Which wouldn't have been that bad on its own if bringing people pleasure, be it through regular massage or sex, now weren't a result of some sort of shitty rhythm minigame.

### **Do All Orcs Look The Same To You? +200**

You are quite race-blind, having trouble distinguishing members of different races from yours. You also seem to be rather suspicious of those same races and believe most stereotypes about them.

You aren't that physically capable, being on the level of an untrained human teenager as well as having shit massage and sexual skills all around. You cannot train yourself to be better in any way.
