

## Ben 10: Species Builder Supplement

Within the Ben 10 Universes the various Alien Species have the capacity for a wide variety of powers, including the strength to lift heavy objects and the ability to Breath Fire.

This supplement is used to customize and create a new “Species” by defining their size, shape, strengths and weaknesses. The minimum viable price is -1 RP any Species that cost less will automatically be set to that price.

### ALIEN CONCEPT

When creating an Alien Race, the first thing you need is the concept of what the Species is.

This is your central idea of the Species you wish to gain.

Their personality, their natural abilities, their history, and society.

The clearer the Species is in your mind, the easier it will be to choose the right Elements to match your theme and make sure your character idea fits in.

### CANON DISCOUNT +50 RP

Like any other canon race if you build a canon Species you may receive this bonus discount. You can also receive this discount if you use one of the names the crew came up with for aliens available to Ben at age 16 or the secret aliens from the Ultimate Hunt however these names or appearance must match what you build.

These names are:

- The Zilch
- Pyxl-Loaf
- Crocduster
- Overround
- The Sledge
- Splatterator
- Dropsies
- Tranquenstine
- Tanker Bell
- Mister Sister
- THUUG
- The Walking Dread

### AM COMMUNICATION **-5 RP**

Your species is able to understand and communicate in a language that encodes the audio signal by modulating the amplitude on the 540-1610 kHz frequency band.

### ANATOMIC SEPARATION **-10 RP-30 RP**

Your species is able to separate its body into specific independently functioning segments along specific lines of separation. Normally this does not make you immune to being cut or slashed however for a total **-30 RP** any parts of your body can be separated without harm.

This Species Physiological functions such as blood flow and neural activity continue as if the body were whole and if possible the parts can at will reassemble to the best of their ability.

Any detached body parts will not regenerate when destroyed unless you have regenerative abilities in which case it will regenerate from the body part it is normally attached to.

**BLOOD THINNER -5 RP**

When this race inflicts wounds on another creature the wound will be coated in a fluid that will act as an anticoagulant and not allow the blood to coagulate properly and instead continue bleeding.

**CHEMICAL COMMUNICATION -15 RP**

This species can communicate using a special secretion of cellular matrices and DNA/RNA chains.

These chemical chains can be structured to hold information in such a complex way that it can be compared to both a visual and audio recording.

These chemicals if left in a sterile environment can hold their integrity for years without the message degrading and the reader can determine who the author of the chemical message is in a similar way to recognising someone's voice.

Using this power the race can also determine the presence of living biophysical substances around them, recognizing the difference between human, animal, fungal, bacterial, plant, artificial cells, etc.

**COMPREHEND ANIMALS -10 RP**

You can both speak to and comprehend animals. You can ask questions and receive answers, although animals are not any more friendly or cooperative than normal. furthermore, wary and cunning animals are likely to be terse and evasive, while especially stupid ones make inane comments. If an animal is friendly toward you, it may do some favor or service for you.

**COMPREHEND MACHINES -10 RP**

Your race can communicate with electronic devices, making inquiries and understanding their replies. This may be limited by the target's programming and peripherals in terms of what they "know," and the machines may not be able to comprehend or answer some inquiries with anything other than an "Error", "Unknown" or "Not Found." You may be able to use any known Technology skill as an interaction skill when communicating with machines.

**COMPREHEND PLANTS -15 RP**

You can communicate with plants, both normal plants and plant creatures. A plant's sense of its surroundings is limited, so it won't be able to give (or recognize) detailed descriptions or answer questions about events outside its immediate vicinity.

**DARKVISION -20 RP**

You can see in complete darkness as if it were normal daylight.

**DIRECTION SENSE -10 RP**

Regardless of distance you will always know what direction a specific location is in such as earth's north magnetic pole and if it is physically possible you can retrace your steps through any place you've been.

**DISTANCE SENSES -5 RP**

You can accurately and automatically judge distances with all of your Senses.

**ELEMENT ENHANCED ATTACKS -5 RP**

**ELEMENT RESISTANCE -5 RP**

Your race is particularly resiliency to your selected element type, this is usually reflected by its physical appearance.

**ENERGY FORM -60 RP**

Your race can naturally assume an energy based form, while in this form you will not have any physical matter making you unable to interact with physical material or be harmed by physical damage, however Energy attacks will harm you as normal.

Your race can also pass through solid objects that your type of energy would be able to pass through.

**FLUID FORM -20 RP**

Your race can become a fluid mass capable of flowing through any sort of opening however they are unable to pass through watertight seals allowing you to flow out of any restraint that is not watertight.

**FM COMMUNICATION -5 RP**

**GASEOUS FORM -40 RP**

Your race can become a cloud of gas, while in this form you will not have any physical matter making you unable to interact with physical material or be harmed by normal physical damage, however Energy and wide area attacks will still affect you as normal.

In this form your race can flow through any opening that is not airtight.

**GILLS -5 RP**

Your race has the ability to breathe underwater indefinitely, these "Gills" can be visible at the sides of the neck or on the abdomen.

**HOOVES -5 RP**

Your race has sharp hooves at the end of its legs which allow for greater mobility than unprotected feet and can act as sharp weapons.

### **INCORPOREAL FORM -80 RP**

Your race can naturally become an incorporeal phantom allowing you to pass through solid matter and become Immunity to Physical and Energy based Damage.

While in this form you will be unable to interact with physical material or use your tactile senses. Unless you do not need to breathe, you will need to hold your breath while passing through a solid object, or you could suffocate.

If you attempt to revert to solid form while inside a solid object, you will suffer very unpleasant pain, trapping that part of your body inside the object with the potential of this injury condition causing you to die.

Your species can communicate using low status sound waves with a frequency below the lower limit of human audibility.

### **INVISIBILITY -20 RP/-40 RP**

Your species can at will vanish from sight, making themselves invisible to the naked eye, this makes you unseeable by the visible spectrum allowing you to move about an environment unseen by others and act without being observed.

For **-20 RP** the user is only invisible to the visible spectrum but for **-40 RP** other senses will not be able to detect you.

### **ITEM STORAGE -80 RP**

Your species are able to use compartments in their body to store different things, such as objects and weapons, for safekeeping and can summon them back with relative ease.

This can be used to store an almost infinite amount of objects, so much that they can exceed the size of the body causing the storage to act as if it has some dimensional space that is used for storage.

### **MICROWAVE COMMUNICATION -5 RP**

You can communicate over a distance using a medium other than your normal voice. Choose a sense type as your Communication medium (see the list of examples). You may also use a special sense type (like neutrinos, gravitons, magical sendings, and so forth) noticeable only to an appropriate form of the Detect effect (see Senses), at the GM's discretion.

Microwave transmission is the transmission of information by electromagnetic waves with wavelengths in the microwave range (1 m - 1 mm) of the electromagnetic spectrum.

### **MIND READING -15 RP**

Your race is able to read another creature's mind, with each purchase increasing the depth of the mind the user can read with each number indicating the number of ranks required.

1. The species can read the surface thoughts of the target meaning their active thoughts.
2. The race can probe deeper into the target's mind in order to find specific information.
3. Your race can read the subject's memories exactly as the target recalls them.

### **PHEROMONE COMMUNICATION -5 RP**

Your race can communicate using a biological dialect between members of the same race via the secretion and emission of pheromones, hormones or natural bodily production.

The user's pheromones communicate with those around them on an instinctual and unconscious level allowing the recipients to instantly understand the meaning behind it without needing to decipher it.

### **PINCERS -15 RP**

Your race has a set of pincers at the end of one pair of its limbs, these powerful claws are capable of piercing through metal, carrying heavy loads, defending against other creatures, restraining prey and even being usable as dextrous digits when using buttons or a touchscreen. If purchased in conjunction with **CHEMICAL GLANDS** or **ELEMENTAL BIOLOGY** you can freely toggle if your **PINCERS** carry the effect provided by that option.

### **PREHENSILE LIMB -5 RP/-10 RP**

For **-10 RP** your Race has an extra complex limb that can adjust the flexibility, this limb can have a spine-like bone structure, or to have no bones at all. Examples for such limbs would include tails, trunks and tentacles.

This also can be taken for **-5 RP** to enlarge and make prehensile an already existing part of your body, such as the tongue or nose.

Altered parts will still be able to fulfill their original function.

**RESHAPING -40 RP**

Your race is able to change their body shape allowing them to reshape at will and makes them extremely flexible being able to move like a liquid despite being solid.

This only affects the shape and outline of things, everything else stays the same however it can reshape itself to let projectiles or blows pass through themself by creating a hole in their body at will.

This reshaping allows them to slightly alter their size, grow spikes and tentacle-like limbs.

**SAFE FALL -10 RP**

Your race can fall from any distance without harm, this also allows your race to stop falling at any point along a distance so long as there is a handhold or projection for you to grab.

If you have the Wall-crawling power, any surface you can climb provides you with a handhold.

**SLIPPERY -5 RP**

Due to your race's slimy hide or slick exoskeleton, your race is especially slippery.

**SPACE SURVIVABILITY -5 RP**

Your race can survive and adapt to the vacuum of space unaided and are able to withstand atmospheres, cosmic radiation, strange gravity, but may still need to breathe.

**STICKY -5 RP**

Your species is especially sticky, whether from a coating of adhesive slime, partially congealed blood, or tiny barbed spines.

**STINGER -5 RP**

Your race possesses a long, barbed stinger at the end of a limb or its tail.

If purchased in conjunction with **CHEMICAL GLANDS** or **ELEMENTAL BIOLOGY** you can freely toggle if your **STINGER** carries the effect provided by that option.

**SURE-FOOTED -10 RP**

Your race is better able to deal with difficult footing, obstacles and obstructions to movement.

**TECHNOLOGY POSSESSION -40 RP**

Your race can merge with and possess any technology, the size of the device is not significant and they control it as naturally as they would their own bodies.

### **TELEPATHIC TRANSMISSION -15 RP**

Your species is able to open a psionic communication line with another being, rendering them capable of having one way conversations with others using their minds. The user is able to open up channels of communications with others who may be incapable of physical speech or communicate to a deaf person by linking their minds.

Notably, this power is not able to read the target's mind or hear the thoughts that the target wishes to convey back to the user.

### **TENTACLE -5 RP/-20 RP**

Your race possesses long, sinuous tentacles that are able to grab as if they had two extra ranks of **ENHANCED STRENGTH**. For **-5 RP** your race has 2 Tentacles for **-20 RP** your race may have as many tentacles as you would like.

For **-5 RP** Your race always knows what time it is and can time events as if you had an accurate stopwatch.

For a total of **-15 RP** you will also notice whenever time alterations have occurred retaining the memories from before the change took place while also gaining new memories if applicable.

### **TIME TRAVEL -50 RP**

Your race can move through time, you can only carry up to 50 lbs. of additional material with you while you time-travel.

Each rank gains the following effects and doubles the amount you can carry.

1. With one rank you are able to move back or forwards in a fixed period as determined when you purchase this power.
2. With two ranks you are able to return to any alternative timelines you have visited within the same timestream, you are also able to choose 3 additional fixed period of time that you may move forwards and backwards in time.
3. With three ranks, you may travel to any point in time.

### **TRACKLESS -10 RP/-35 RP**

Your race leaves no trail and cannot be tracked using visual senses, they are able to walk across the surface of soft sand or snow without leaving tracks and you have total concealment from tremorsense.

Each additional rank renders you trackless to another sense type or you can pay **-35 RP** to become trackless to five senses.

### **ULTRASONIC COMMUNICATION -15 RP**

You species can speak over a distance using Ultrasound.

Ultrasound is not different from "normal" audible sound in its physical properties, except that humans cannot hear it.

This limit varies from person to person and is approximately 20 kilohertz (20,000 hertz) in healthy young adults.

Ultrasound devices operate with frequencies from 20 kHz up to several gigahertz.

**ULTRA-HEARING -5 RP**

You can hear very high and low frequency sounds, like dog whistles or ultrasonic signals, including those used by some remote controls.

**ULTRAVISION -5 RP**

You can see ultraviolet light, allowing you to see normally at night by the light of the stars or other UV light sources.

**VENTRILLOQUISM -5 RP**

Your race is extremely proficient in Ventriloquism, the act of changing one's voice so that it appears to be coming from elsewhere. They can also talk without opening one's mouth.

**VIBRATORY CARRIER WAVE -15 RP**

Your species is able to communicate using a process of conveying information through mechanical (seismic) vibrations of the substrate. The substrate may be the earth, a plant stem or leaf, the surface of a body of water, a spider's web, a honeycomb, or any of the myriad types of soil substrates. Seismic cues are generally conveyed by surface Rayleigh or bending waves generated through vibrations on the substrate, or acoustical waves that couple with the substrate. Vibrational communication is an ancient sensory modality and it is widespread in the animal kingdom where it has evolved several times independently. It has been reported in mammals, birds, reptiles, amphibians, insects, arachnids, crustaceans and nematode worms. Vibrations and other communication channels are not necessarily mutually exclusive, but can be used in multi-modal communication.

**WALL-CRAWLING -10 RP**

Your race can climb walls and ceilings at your walking speed with no chance of falling.

**WATER-WALKING -10 RP**

You can stand or move at your normal ground speed on the surface of water, quicksand, and other liquids without sinking, you will only sink if you choose to.

**WINGS -10 RP/-20 RP**

Your race has large wings, like those of a bat, bird, insect, or dragon, gaining the ability of air based travel.

For **-10 RP** your race has a proportional set of wings that allows for gliding.

For **-20 RP** your race is able to use wings for flying under their own power.

## **MULTIPLE RANKS:**

### **ADDITIONAL LIMBS -5 RP**

Each rank in this effect grants you an additional pair of manipulative limbs.

These limbs can be either made into a set of legs or a set of arms.

Any purchased arms automatically gain hands for free if Legs were purchased they instead come with feet.

If attachments such as claws are purchased for the arms or legs they can be selectively added to all limbs of that type for no additional cost.

All Arms that have hands are able to wield weapons in those hands to the same degree of capability as their non-dominant hand.

### **AFFLICTION -25 RP**

By making physical contact with someone this race can impose a debilitating Disease on the target, however this Disease will not be transmissible and the user is able to determine how fatal the Disease is.

Any Species with a natural Resistance to Disease will be resistant to this Affliction.

You must select what type of Affliction is caused by this power when purchased and it cannot be changed afterwards, however this can be purchased multiple times to either gain more conditions or in order to half the time required for the Disease to affect the target.

The affliction will be a type of wasting disease that weakens part of the target, lowering their health over a period of time.

- **Muscular Disease:** This disease weakens the strength of the target until they are unable to move under their own strength.
- **Body Disease:** This disease corrodes the structural integrity of the target until their body is so fragile that it reacts very poorly to anything external.
- **Brain Disease:** This disease consumes the brain matter of the target making them less capable of logic or reasoning until they eventually fall into a comatose state.
- **Soul Disease:** This disease corrupts the emotional stability of the target until they are incapable of thought, and unable to perceive their surroundings.

If a target receives Medical aid it is possible for this Disease to be slowed down and cured with the difficulty of this becoming more larger in proportion to the ranks of disease added.

You can increase the speed of the affliction by repeatedly touching a target and activating this power.

You can also remove your Affliction at will, simply by touching the victim, halting any further harm.

### **ANALYTICAL -10 RP**

Your Species is naturally Analytical although this doesn't make them more traditionally intelligent it does allow them to break concepts down into simpler components which makes them better able to solve problems.

This species can instinctively anticipate possible obstacles and opportunities in order to determine the best cause of action they can take with the information they have available. Using this they are able to adapt and prepare for future events by considering a large number of possibilities and plan ahead for them.

Each purchase allows the target to better understand concepts and predict the cause of events.

### **ANIMAL CONTROL -5 RP/-10 RP**

Your Species is able to command a specific type of animal this is either through mental control or through a form of consensual agreement beyond the natural process.

You can pay **-5 RP** to control another type of animal or pay **-10 RP** to increase the rank for all creatures, raising the degree of control and doubling the number of creatures controlled at once.

### **BIOLOGY ABSORPTION -25 RP/-50 RP**

This Species is able to absorb the biological energy of other creatures, being able to use it as nourishment to sustain themself.

The Biological energy of a target can include the DNA, metabolism, and life force of the target however if they absorb all of someone's Biological energy will kill them.

When absorbing a target's energy the user can also incorporate the biological energy in order to acquire the target creature's powers however the user will undergo mutations to accommodate the absorbed abilities.

Normally these mutations cause psychological damage and violent psychosis in its user, however by paying a total of **-50 RP** per rank the user will not suffer from these effects.

When absorbing the life force of other beings, the new powers can only be used temporarily unless the user absorbs a large amount of biological energy, this is normally more than a single member of a species can survive losing.

The absorbed abilities normally aren't as strong as they are in the species they were absorbed from with the proportion only being about one tenth of the original's power.

This ability can also be used to combine the DNA of multiple races allowing the user to become a chimeric hybrid of many species.

Multiple purchases decrease the time needed for absorbing a creature's biological energy and increases the time that the powers are retained.

### **BITE FORCE -5 RP**

This Species has a maw full of razor-sharp teeth and a jaw strength of 650 pounds/square inch (psi) with each additional rank of this power doubling the bite force.

### **BLINDSENSE -15 RP**

This Species senses are incredibly acute, giving it the ability to sense out to a range of 30 feet. This ability allows the race to pinpoint the location of creatures that it cannot see.

Each additional rank increases the range by 5 foot.

### **BURROWING -10 RP**

Your race can burrow through the ground, leaving a tunnel behind if you choose.

You can move through soil and sand at a similar speed to your normal walking speed however burrowing through harder substances can slow you down.

The tunnel you leave can be packed so that it will last for a short time or be scuffed so that it collapses behind you immediately.

Each additional purchase allows you to burrow through harder material at quicker speeds and pack tunnels so that they both last longer and can be made larger.

### **CHEMICAL GLAND -10 RP**

Your race has an organ that can secrete a chemical, this venom can be used to augment attacks.

This chemical can be a toxic venom or you can also choose to have the gland produce another organic compound, like adrenaline, and gain the capability to inject yourself with a dose of that substance with the flick of a mental switch.

This can be bought multiple times, allowing for multiple different substances or increasing the intensity of the chemical.

### **CLAWS -10 RP**

This race has a pair of sharp claws at the end of its limbs.

These claws must be purchased for each limb type separately, however every additional rank applies to every type of limb with claws.

Each additional purchase increases the sharpness and durability of the claws with one rank being the same as sharp and durable as lion claws but five ranks being able to cut through a steel door.

### **CLIMB -5 RP**

This race is naturally skilled at climbing with a single purchase, they are able to climb a sheer cliff with moderate ease. Each additional time it is selected, the user is able to climb increasingly difficult structures with more weight.

With 3 purchases the Race automatically gains **WALL-CRAWLING** for Free.

### **COMPREHEND LANGUAGES -15 RP/-90 RP**

Your race can understand the language of any intelligent creature.

Each purchase allows you to learn one language, although you can comprehend multiple different languages at once.

This effect does not enable you to speak with creatures that don't possess a language.

For **-90 RP** you can understand all languages spoken by any sentient species.

### **CONCEALMENT -10 RP**

You can conceal yourself from a particular sense while this effect is active, although you are still detectable to other senses (even other senses of the same sense type; so you could have full concealment against normal sight, but not infravision or any other sense in the sight sense type). Each additional rank gives you concealment from another sense; two ranks give you concealment for an entire sense type.

You cannot have concealment from tactile senses. If you take Concealment 8 you will have total concealment from all traditional sense types other than tactile.

### **CONFUSE -5 RP**

Your race has the ability to cause confusion in a person or group of people. Depending on the power of the user and/or attack this can cause momentary or longer lasting inability to focus attention, loss of orientation, disordered memory and sense of self.

Each purchase increases the maximum number of people that can be affected by this at once and how potent the effect is with the first rank giving one person momentarily confusion and the tenth rank causing up to 10 people to be disorientated for up to an hour.

### **CORROSION -10 RP**

Your race is able to corrode metals and enhance the process of corrosion in metals through oxidation. This type of damage typically degrades the useful properties of materials and structures including strength, appearance and permeability to liquids and gasses.

Each rank increases the rate of corrosion for this power with 5 ranks, the corrosion effect will start to affect rocks at the same rate that rank one affected metal.

### **COUNTER-CONCEALMENT -10 RP**

Your race has a trait with one of their senses that allows them to perceive things regardless of if they are Concealed to that sense or not.

For example the race could be able to see air pressure which would allow you to see beings that are invisible or using chameleon-esque camouflage.

This also helps you to ignore Illusions that affect your senses and realize when things aren't real.

Each rank grants one of your senses a special trait.

You are able to differentiate those who are concealed as they seem slightly "off" to you.

This trait does not affect concealment provided by opaque objects, for that, see Penetrates Concealment.

Any Power that directly acts on a target cannot affect a Stimulus.

Only Powers that indirectly affect the Stimulus succeed, such as using brute force to lob missiles at the Stimulus.

### **2. INCAPACITATION:**

With the Second rank of allergy your race becomes physically ill after exposure to the Stimulus. Beginning with the initial contact, the species loses energy and stamina with this loss continuing for the Duration of the Effect.

The hero retains his Powers but finds it harder to use them as his condition worsens.

### **3. FATAL:**
