

Welcome to Gotham City, Jumper.

Maybe you have been here before. Maybe not. You have some interesting times ahead of you regardless.

Gotham City is a crime-ridden mess, with a whole section of the city unofficially abandoned by the police, who are not exactly a stellar crime fighting force. They seem to spend most of their time chasing after rumors of a man in a bat suit. Speaking of, he seems to be having more of an effect on crime than the police. With the slowly increasing amount of costumed criminals, one has to wonder if it is a **good** effect....

The point is, this is a very dangerous place. Please take these 1,000 CP and make some purchases to defend yourself. You will be here for two years. Best of luck.

Origin

Vigilante

You made a choice at some point in your past to be a shield for others the way no ever was for you. If that means going outside the law, so be it. Criminals do not fear the police, but maybe they will fear you.

You can choose your appearance, sex, voice and any age that is at least 18 years old.

Authorities

Creating and policing the law is a never-ending grind, but that is no reason to quit. How you do something is just as important as what you do and you will never let difficulty stop you from doing what is right.

You can choose your appearance, sex, voice and any age that is at least 18 years old.

Support

You saw them walking into danger time and again. For whatever reason, you could not always be at their side. Still, that does not mean you cannot help. Your support keeps them going and that is just as valuable as giving them help in the moment.

You can choose your appearance, sex, voice and any age that is at least 18 years old.

Gangster

Money. Image. They are just two of the many ways to power. You have a knack for gaining them and for making your enemies disappear one way or another. The cops? They are only a problem if you get caught.

You can choose your appearance, sex, voice and any age that is at least 18 years old.

Terrorist

What is the use of power without a cause to wield it for? You have a goal, something you will burn the world to see done. Or maybe your goal is just to burn the world. Either way, you have no problem stepping on others to see your will done.

You can choose your appearance, sex, voice and any age that is at least 18 years old.

Thief

You are not one for grand schemes. Maybe someone hired you or maybe you are freelance, but what you live for is the heist. There is no greater joy than outsmarting, outsneaking and outrunning others. Every job is a new challenge and you relish it.

You can choose your appearance, sex, voice and any age that is at least 18 years old.

All Walks Of Life

A person can go through a lot of ups and downs in life. Maybe where you started out is not where you are now. Pick any two backgrounds and create a history for yourself from them. Perhaps you are a fallen hero or a redeemed villain. Perhaps you enforce the law by day, but sell your services to the highest bidder by night.

You can choose your appearance, sex, voice and any age that is at least 18 years old.
