

Yona of the Dawn jump
v1
by PerfectlyNormalShard

Welcome Jumper! To the kingdom of Kouka, home of the five clans and the dragons they harbor, a long time ago, nearly 2000 years, I believe, a red dragon god descended from the heavens and became human. He later in life founded the Kouka kingdom. He birthed its royal family, his companions, the other 4 dragon gods, shared their blood with four humans to act as brothers, guards, and companions, each of them gaining superhuman capacity and a unique ability based on the appendage of the dragon, be it claw, eyes, legs, or skin. Soon, without your intervention, the crown princess Yona will find herself entangled in schemes of rebellion and political turmoil.
