JOHN CONSTANTINE

Welcome to the world of Hellblazer. From the outside looking in, it resembles our modern world. But as you get closer, you start to see the seams, and you realize that under the surface is a dark world of magic and corruption. The businessman walking down the street is a half-demon spreading corruption, the fortune teller down by the pub is more than accurate, and all the normal looking people have an ugly gleam to their eyes.

THE AVERAGE PERSON WILL UNCONCIOUSLY FORGET THE WORLD'S EVILS AND OVERLOOK ITS WONDERS, BUT YOU SEE THE DARKNESS AS IT BILLOWS AND FEEL THE MAGIC AS IT SWIRLS. AND AS YOU NOTICE THE DARKNESS, YOU RECOGNIZE THAT THE DARKNESS HAS TURNED ITS GAZE TO YOU.

You have 1000 choice points

You also recieve:

Funds:

You gain 10000 dollars cash in the local currency.

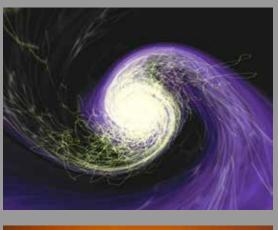

YOU OWN A SMALL HOUSE OR CONDO IN YOUR STARTING LOCATION.

MANA:

You gain the ability to practice magic and a pool of mana, raw magical power. Your power and efficiency will grow with practice.

THIIS POWER IS SEPERATE FROM NON-MAGICAL ENERGY, LIKE KI OR CONDUIT ENERGY

SYNCHRONICITY:

You gain the talent of synchronicity, meaning you have a tendency to show up at the right place, make it in the nick of time, or to have just the item you need. This can be enhanced with practice or with mana.

LAST MAN STANDING:

You are a survivor, in even the worst of situations. All around you, friends, lovers and allies will die. Every mistake you make, every accident, every potential wound or beating, will somehow spare you and take someone else instead. Companions will not respawn during this jump.

IN CASE YOU CAN'T TELL, THIS IS A MANDATORY DISADVANTAGE.

YOU ALSO BENEFIT FROM PERKS AND TALENTS ACQUIRED PREVIOUSLY.

BEAR IN MIND THAT MOST OF THE TRUELY
MALEVOLENT FORCES IN THIS WORLD ARE
EXTREMELY POWERFUL, BUT BOUND BY
IMMUTABLE RULES. EVEN SUPERHUMAN FORCE
WILL BE INSUFFICIENT FOR SUCH CHALLENGES.

Starting Location

Your starting location will influence you in a few ways. You will gain a new accent regardless of your background.

IF YOUR BACKGROUND PROVIDES RELATIONSHIPS, YOUR FAMILY AND FRIENDS WILL LIVE NEARBY.

ADDITIONALLY, YOU HAVE CONTACTS IN THE LOCAL OCCULT COMMUNITY, AND YOU WILL KNOW LOCAL HAZARDS AND MYTHS.

Not really that important, is it? Magic is everywhere, and if you don't find it, it will find you. But some places are better than others. You can roll a d8, or pay 100 to choose.

1: LIVERPOOL - A NICE ENOUGH BRITISH CITY, GOT A GOOD ROCK SCENE ACCORDING TO SOME, AND SOME FINE PUBS. IF YOU AREN'T A DROP IN, THIS IS WHERE YOUR FAMILY WILL BE. NOT TOO MUCH GOING ON HERE MYSTICALLY, SO ITS AS GOOD A SAFE HAVEN AS YOU'LL FIND.

5: Faerie - Faerie is filled with lush landscapes, and the people are gorgeous and polite. They are also powerful, and follow their own strange rules. Breaking a rule might end up with you receiving a quest, or it might end up with you receiving a sheep. Even if you mind your own business, there are plenty of pranksters.

2: London - You have a small flat in London proper. Not the best neighborhood but the area's well maintained. You have some nice neighbors and are known in the local scene. There' a fair amount of occult activity going on here, as well.

6: Los Angeles - LA is crawling with demons. There's a mystical scene, but the good guys seem to die fairly often. On the other hand, if you have flexible morality, there's a lot of money and power to accumulate, and most of the black hats don't want to end the world.

3: New York - Lots of Stuff Going on Here. There's white hats and black hats. A great place to find whatever you need, but its not cheap. On the plus side, you have contacts on both sides of the line, and there is lots of magic under the surface.

7: Hell - The ultimate bad neighborhood, but you aren't dead and have some autonomy as a person with power. You have been granted the same rights as a devil, but this is scant protection. If you are ruthless and clever, you can amass power here. On the other hand, a misstep might be very bad. Also, getting back to earth might be tricky.

4: MILWAUKEE - THE BEER ISN'T EVEN ALL THAT GOOD. AN OCCULT WASTELAND, MOST MAGIC FAILS TO WORK IN WISCONSIN. WISCONSIN IS OFTEN USED AS A DIMENSIONAL PRISON, AND THOUGH YOU AREN'T TRAPPED, THE PRISON'S GUARDS ARE WATCHING YOU.

8: Free Choice - Choose your starting location from any of the above. As an added bonus, you may mix and match accent and starting location.
